

"CAROL I"
NATIONAL DEFENCE UNIVERSITY

STRATEGIES XXI

"Carol I" National Defence University cordially invites you to participate in the 19th edition of *STRATEGIES XXI International Scientific Conference*, to be held in Bucharest on **27-28 June 2023**. The Conference will bring together academia, security experts and defence industry to experience an interesting program with plenty of opportunities for research results dissemination, discussions and debates on ongoing strategic challenges.

Relevant elements, such as technological advancements and innovations, violent aggressions against international world order, shifts in the global balance of power, are challenging and threatening the values and security systems of democratic states, inducing changings in warfare. Thus, as NATO and EU face the most complex security environment since the end of the Cold War, this year's conference theme is "**From pandemics to war – the changing character of defence and deterrence**". The theme reflects the ongoing challenges and looks to the future to identify new methods to tackle both persistent and novel strategic issues.

The Conference will run for two full days, starting at 09.30 on Tuesday 27 June 2023, and it will be held physically, in Bucharest, on "Carol I" National Defence University premises. However, for registered people unable to physically attend the Conference, virtual connectivity will be made available and selected presentations will be streamed over a dedicated YouTube Channel.

Interested participants are invited to submit their full papers for consideration no later than **02 June 2023**, by email at strategii21@unap.ro. The conference papers will be peer-reviewed by an International Scientific Committee. The accepted papers will be published and the Conference Proceedings will be indexed in ProQuest, CEEOL and EBSCO academic databases. For more details on publication of papers, deadlines and author instructions, please consult the Conference web site at <https://strategii21.ro>.

Registration for this event will open on 01 May 2023.,

Any additional questions or concerns may be directed to the Conference Director: Col. Antonio Dan-Suteu, PhD, email: dan-suteu.antonio@unap.ro, tel. +40728998947.
