

**The 20th International Scientific Conference STRATEGIES XXI
Technologies, Military Applications, Simulation and Resources
National Defense University "Carol I" – March 28th, 2024**

Sponsorship Request Letter

On behalf of the Organizing Committee, we invite you to participate as an exhibitor in the 20th edition of the **International Scientific Conference "Strategies 21" – Technologies, Military Applications, Simulation and Resources**. The conference will bring together researchers, decision-makers, and representatives of the defense and related industries to disseminate their expertise and explore new perspectives on the transformations in the current operational environment.

Current topics such as planning and conducting military actions/operations, force protection, multi-domain operations, advanced technologies in the current battlefield, cybersecurity, and the role of artificial intelligence in the decision-making process will be addressed.

The National Defense University "Carol I" offers your company the special opportunity to present its products and services at one of the most important international scientific conferences indexed in the ProQuest, CEEOL, and EBSCO databases.
